I moduli a muro: un nuovo modo di interpretare il contenitore.

The wall-mounted modules:
a new way of interpreting
storage units.

Los módulos de pared:
un nuevo modo de interpretar
el contenedor.

Les modules muraux :
une nouvelle façon d'interpréter
l'espace de rangement.

Anche nel mondo ufficio, contenitore non significa solo armadio! I moduli a muro sono un esempio di come si possono integrare strutture più tradizionali con elementi più innovativi mediati dal design per l'arredo domestico: nelle loro diverse configurazioni, disponibili in versione sospesa o a terra, con illuminazione integrata o no, si prestano a svariate tipologie di ambiente ed esigenze dimensionali.

Storage units don't just mean cupboards in the office either! The wall-mounted modules are an example of how more traditional structures can be integrated with ultra-innovative elements, adapted by design for domestic furnishing. In their different configurations, available as wall-mounted or floor-standing models, with or without built-in lighting, they fit into a variety of settings and size requirements.

También en el mundo oficina, contenedor ¡no significa solo armario! Los módulos de pared son un ejemplo de cómo se pueden integrar estructuras más tradicionales con elementos más innovadores medidos por el diseño para el amoblado doméstico: en sus diversas configuraciones, disponibles en versión suspendida o de suelo, con iluminación integrada o no, se prestan a variadas tipologías de ambiente y exigencias dimensionales.

Dans le monde du bureau non plus, espace de rangement ne signifie pas seulement armoire ! Les modules muraux sont un exemple de la façon dont des structures plus traditionnelles peuvent être intégrées à des éléments plus modernes grâce au design pour le mobilier domestique : dans leurs différentes configurations, disponibles en version suspendue ou au sol, avec éclairage intégré ou pas, ils se prêtent à plusieurs types d'environnement et de besoins dimensionnels.

El armario a la medida

L'armoire sur-mesure

In funzione delle diverse esigenze è possibile ridurre l'armadio in larghezza ed altezza realizzando un vero e proprio tailor made. L'armadio su misura si adatta agli spazi a disposizione permettendo di sfruttare al meglio le superfici ed è personalizzabile esattamente come un qualsiasi contenitore standard della gamma Offic'è.

Based on different requirements, it is possible to decrease the width and height of the cupboard, creating a genuine tailor-made element. The tailor-made cupboard adapts to the spaces available, allowing you to make the most of the surfaces and can be customised just like any standard storage unit in the Offic'è range.

En función de las diversas exigencias es posible reducir el armario en anchura y altura realizando un hecho a la medida propiamente dicho. El armario a la medida se adapta a los espacios a disposición permitiendo aprovechar mejor las superficies y es personalizable exactamente como cualquier contenedor estándar de la gama Offic'è.

En fonction des différents besoins, il est possible de réduire l'armoire en largeur et en hauteur en réalisant un véritable sur-mesure. L'armoire sur-mesure s'adapte aux espaces disponibles vous permettant de tirer le meilleur parti des surfaces et vous pouvez la personnaliser exactement comme n'importe quel espace de rangement standard de la gamme Offic'è.

La madia è un elemento tipicamente domestico che sbarca nell'ambiente ufficio assolvendo ad una duplice funzione: da una parte è importante per creare volumi di contenimento, dall'altra rende più prestigioso l'ambiente. I tre modelli che propone Offic'è si differenziano per design e gamma finiture: ad ognuno la sua combinazione ideale!

The sideboard is a typical household item which makes its way into the office environment by fulfilling a dual function: on the one hand, it is important for creating large storage spaces while, on the other, it adds a touch of sophistication to the office. The three models featured in Offic'è differ by their design and range of finishes: there is an ideal combination for everyone!

El aparador es un elemento típicamente doméstico que desembarca en el ambiente oficina cumpliendo una doble función: por una parte es importante para crear volúmenes de contención, por otro lado vuelve más prestigioso el ambiente. Los tres modelos que propone Offic'è se diferencian por diseño y gama acabados: ¡para cada uno su combinación ideal!

Le buffet est un élément typiquement domestique qui débarque dans l'environnement bureau remplissant une double fonction : d'une part il est important pour créer des volumes de rangement, de l'autre, il rend plus prestigieux l'environnement.

Le potenzialità di un mobile sono infinite quando è possibile "animare" le strutture con una paletta di finiture così ampia. Personalizzare, soprattutto armadi e contenitori, è fondamentale perché significa poter dedicare attenzione ad ogni elemento che compone strutture funzionali, ma dal grande impatto estetico.

"The potentials for a unit are endless when you can "animate" the structures with such a wide colour palette. Customising, especially cupboards and units, is all-important because it means not only being able to focus your attention on each element in a functional structure, but also add an amazing aesthetic impact.

Las potencialidades de un mueble son infinitas cuando es posible "animar" las estructuras con una paleta de acabados muy amplia. Personalizar, sobre todo armarios y contenedores, es fundamental porque significa poder dedicar atención a cada elemento que compone estructuras funcionales, pero de gran impacto estético.

Le potentiel d'un meuble est infini quand il est possible d'«animer» les structures avec une palette de finitions aussi large. Personnaliser, en particulier les armoires et les espaces de rangement, est essentiel parce que cela signifie pouvoir consacrer de l'attention à chaque élément qui compose des structures fonctionnelles, mais au grand impact esthétique.
